DESIGN PARTNER

*Collaborative Design
for Refurbishments
& Extensions*

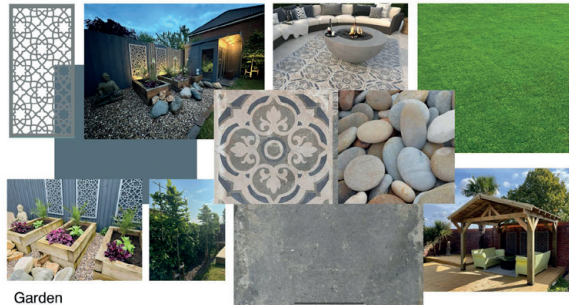

For projects
that require
more than
advice but
don't need
full turnkey
management

Design Partner is a collaborative interior design service for homeowners and businesses undertaking refurbishments, renovations, reconfigurations, or extensions.

I work alongside you and your chosen contractors to develop a cohesive design that balances aesthetics, functionality, wellbeing, and budget.

Garden

From initial concepts through to detailed design development, I help you make informed decisions with confidence, ensuring every element works together to create a space that reflects your vision and enhances the way you live or work.

I remain involved throughout the project, providing design guidance and support while helping you navigate the many decisions that arise during construction and renovation.

Ideal for:

- Home refurbishments
- Extensions
- Kitchen and bathroom renovations
- Open-plan living projects
- Commercial refurbishments

Services may include:

- Space planning
- Interior concepts
- Colour and material specifications
- Lighting design
- Furniture selection
- Joinery design
- Supplier sourcing
- Design coordination with contractors

Outcome:

A professionally designed space delivered with expert guidance and ongoing support.
