DESIGN & BUILD CONCIERGE

*Complete
Turnkey Design,
Procurement &
Project Delivery*

A fully managed
service for clients
who want a
seamless,
stress-free
experience.

Design & Build Concierge is my most comprehensive offering, providing complete responsibility for every aspect of your project from concept to completion.

Acting as your trusted representative throughout the process, I coordinate all design, procurement, contractor liaison, project management, installation, and final styling.

This service is designed for busy professionals, property developers, and homeowners undertaking significant renovations, luxury extensions, or complete property transformations who want confidence that every detail is being expertly managed.

Every decision is carefully considered and coordinated to ensure the finished environment not only looks exceptional but functions beautifully and supports the way you live or work.

You remain involved at key decision points while I manage the complexity behind the scenes.

Ideal for:

- Large-scale residential projects
- High-end renovations
- Whole-house refurbishments
- Luxury extensions
- Property development projects
- Commercial fit-outs
- Clients seeking a fully managed experience

Services may include:

- Full interior design
- Design team coordination
- Contractor management
- Procurement and purchasing
- Budget management
- Site visits and inspections
- Installation coordination
- Styling and handover

Outcome:

A beautifully finished, fully realised space delivered with minimal stress and maximum attention to detail.

*A truly turnkey
service, from first
concept to final finish*
